## **Endodontic therapy (Book, 1996) [WorldCat.org]**

There are odd rumors about the use of the rubber dam; for example, it is claimed that it takes too much time to assemble. Cragg 30 correctly states that "that which takes more time, with respect to the rubber dam, is trying to convince the dentist to use it.". It is worth spending a few seconds to assemble the rubber dam for use in endodontic procedures and thus improve the entire treatment.
