### Evaluation in Media Discourse: Analysis of a Newspaper Corpus

Evaluation is the linguistic expression of speaker/writer opinion, and has only recently become the focus of linguistic analysis. This book presents the first corpus-based account of evaluation; one hundred newspaper articles collated to form a 70,000 word comparable corpus, drawn from both tabloid and broadsheet media. The book provides detailed explanations and justifications of the ...

### Evaluation in media discourse; analysis of a newspaper ...

Media discourse refers to interactions that take place through a broadcast platform, whether spoken or written, in which the discourse is oriented to a non-present reader, listener or viewer. Though the discourse is oriented towards these recipients, they very often cannot make instantaneous responses to the producer(s) of the discourse, though increasingly this is changing with the advent of ...

### Media and Discourse Analysis. | Semantic Scholar

In Systemic Functional Linguistics (SFL), appraisal refers to the ways that writers or speakers express approval or disapproval for things, people, behaviour or ideas. Language users build relationships with their interlocutors by expressing such positions. In other approaches in linguistics (including linguistic anthropology, sociolinguistics, corpus linguistics), alternative terms such as ...

### Book review: MONIKA BEDNAREK, Evaluation in Media ...

Van Dijk's Theory of Media Discourse The main tenet of this theory is that discourse analysis is an ideological analysis and that language gives meaning and meaning can be analyzed by discourse analysis. Van Dijk (1998) stresses that ideologies are typically expressed and reproduced in discourse and communication.
