In Skate 3, an easier difficulty setting has been added for those who find the learning curve too steep and a hardcore setting has been added for series veterans. A staggering array of tricks and tweaks has been mapped onto the Wireless Controller but the basics are pushing off for speed using the X button, steering with the left stick and pulling off tricks with accurate flicks of the right stick.

While I have specifically looked at the Playstation 3 version of Skate today, I would say that even the Xbox 360 version (which can be played on the Xbox One) is also a great game. It takes itself quite seriously, but it is also a lot of fun. I highly recommend that you give Skate 3 a shot if you like skateboarding games.
