Become a patient at The Medical Cannabis Clinics If you are considering medical cannabis as a treatment option for yourself or for a family member, the specialists from The Medical Cannabis Clinics can provide expert guidance, consultations and treatment.

Evidence for Medical Cannabis | The Medical Cannabis Clinics

Bottom Line: Evidence for inhaled marijuana for pain is too sparse and poor to provide good evidence-based guidance. Synthetic MC-derived products may modestly improve neuropathic pain for one in 11-14 users but perhaps not for other pain types. Additionally, longer and larger studies (better evidence) show no effect.
